SCARF-IN-A-BALL

**1** Cut 10 strands for fringing as shown and save for finishing off your scarf.

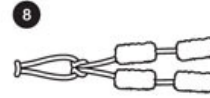

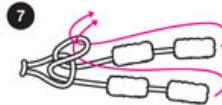

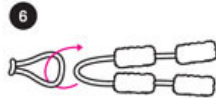

Using 8mm needles  
(UK 0 - USA 11)  
Make 5 stitches using a thin  
section of yarn for each  
stitch as diagrams 2-4.

1st row – knit

Using thin section A for the first stitch, section B for the second stitch etc. (diagram 5).

2nd row – purl (in the same way)

Repeat these 2 rows to the end of the yarn, leaving at least one thin section of yarn free for fastening off.

Secure a fringe to each of the 5 stitches still on the needle by using one of the 10 strands as diagrams 6-8.

Attach the remaining 5 strands to the thin sections between the pom-poms at the cast on the edge.

Sew the last thin section of yarn into the base of the last stitch and the thin section at the beginning of the cast on row into the first stitch.
